SUMMARY

Resultsdriven Web and App Developer skilled in Vue.js, React, Laravel, and React Native. Experienced in building responsive UIs and solving backend challenges. Passionate about scalable, maintainable solutions and continuous learning.

CORE COMPETENCIES

- *Languages: JavaScript (ES6+), PHP*
- *Frameworks/Tools: Vue.js, React, Laravel, Tailwind CSS, WordPress, React Native, Next, TypeScript*
- *Database Management: MySQL*
- *Other Skills: FullStack Development, Third party API Integration, Git, Responsive UI/UX, Software Debugging, Plugin Customization, WordPress Optimization*

EXPERIENCE

SMART ZONE LEADERS - KHARIAN

(September 2024 - June 2025)

Web Developer

- *Initiated work at Smart Zone Leaders by independently setting up the development environment and systems required for project execution.*
- *Successfully delivered the first project with a high level of quality, earning recognition for reliability and execution.*
- *Contributed to multiple projects across various domains, gaining deeper insight into both frontend and backend development concepts.*

NITENSCLUE- FAISALABAD

(June 2025 - Present)

Web and App Developer

- *Developed user-friendly interfaces using modern frontend technologies, ensuring performance, accessibility, and cross-platform compatibility.*
- *Collaborated with designers and backend developers to implement APIs and integrate dynamic features.*
- *Built and optimized reusable components to improve development efficiency and code quality.*

PROJECT HIGHLIGHTS

Havazuse – Consumer Services & Commerce Platform

Tech Stack: *React Native (Mobile App), Next.js (Admin Panel)*

Status: *Live & In Production*

- *Developed a scalable, production-ready consumer-facing mobile application using React Native, focused on delivering premium products combined with high-end services.*
- *Implemented a seamless user experience covering product discovery, service selection, secure transactions, and real-time order management.*
- *Built a powerful admin dashboard in Next.js to manage products, services, users, orders, and operational workflows efficiently.*

MaimouTech – Professional Hiring & Communication Platform

Tech Stack: *Web & Mobile Technologies (React Native)*

- *Contributed to the development of a service marketplace platform designed to connect sellers with skilled professional workers.*
- *Implemented real-time chat functionality, enabling direct and efficient communication between sellers and service providers.*
- *Designed workflows to support worker discovery, hiring processes, and ongoing communication within the platform.*
- *Focused on building intuitive user flows to enhance trust, engagement, and usability for both sellers and professionals.*
- *Ensured scalability and maintainability of the application through clean architecture and reusable components.*

EDUCATION

University of Gujrat (2020-2024)

Bachelor of Sciences in Computer Science GPA 3.19

SKILLS

- *English (Professional Proficiency)*
- *Urdu (Native)*
